The stones in this cemetery were bulldozed to the front and back of the lot. Most were buried and broken. The Stones listed were along the front. If one digs thru the rubble and uncovered the stone they probably would be broken and the one on right

Eagle Cemetery

Greenfield Township
LaGrange County, Indiana

North of Brighton on 600 East of 600 North west to 575 East north 1.2 mile on the west side. This cemetery has the original prairie grass that grew here when the buffalo roamed these prairies. The seed is harvested and planted in hope of getting it started again. So the north half of this cemetery is not mowed.
